Front-end Web Developer with a certificate in Web Development from the University of Birmingham's Full-Stack Bootcamp. Experience in HTML5, CSS3, JavaScript, React, Nodejs, MongoDB, Git and Command Line. A background in Accounting and Finance (BA degree in Accounting and Finance from Birmingham City University). After many years working in the automotive industry, I am now transitioning to a new and passionate career in Web Development. Reliable and disciplined person with a strong work ethic, able to use a creative approach to solve problems. A mature team worker, eager to learn new skills, able to work both in a team environment as well as using own initiative. Successfully completed an intensive coding bootcamp, where I developed new valuable soft and hard skills, I am ready for a junior role in Web Development.
